

# Ophthalmology Services Price List

## Pediatric Outpatient Ophthalmology Clinic

### Diagnostic tests - Paediatric ophthalmology

Ophthalmic consultation (without pupil dilation, children up to 16 y/o)	300 zł
Ophthalmic consultation for strabismus patients (children, 1st consultation )	350 zł
Ophthalmic consultation for strabismus patients (children, 2nd consultation)	300 zł
Ophthalmic consultation for strabismus patients (children, 3rd consultation)	300 zł
Ophthalmic follow-up consultation for strabismus patients (children, every 6 months)	300 zł
Ophthalmic consultation following electrophysiology tests	320 zł
Electroretinography (ERG) (children from 6 y/o)	500 zł
Electrooculography (EOG) (children from 6 y/o)	520 zł
Pattern ERG (PERG) (children from 6 y/o)	500 zł
Visual Evoked Potentials (VEP PATTERN, VEP FLASH) (children from 6 y/o)	450 zł
Electrophysiology Packages (children from 6 y/o):	
1) Electrophysiology Package (VEP+ERG)	800 zł
2) Electrophysiology Package (VEP+ERG+EOG)	1 200 zł
Tear duct irrigation (children from 1 y/o)	300 zł

### Orthoptics (children from 4 to 16 y/o, services provided only at Cieszkowskiego branch)

Orthoptic consultation (diagnosis, orthoptic examination)	170 zł
Synoptophore test	80 zł
Hess Screen Test	150 zł
Orthoptic follow-up consultation	90 zł
Orthoptic - pleoptic exercises ( vision therapy, 1 session - 30 minutes)	130 zł
Orthoptic - pleoptic exercises package (vision therapy, 5 sessions x 30 minutes )	470 zł
Orthoptic - pleoptic exercises package (vision therapy, 10 sessions x 30 minutes )	900 zł
Combined package - orthoptic & optometric consultation	350 zł
Combined package - orthoptic, ophthalmic & optometric consultation	380 zł

### Preventive eye care

Comprehensive ophthalmological consultation - screening test (children from 7 y/o)	850 zł
The service comprises:	
• Optometric consultation (refraction test, IOP measurement, visual acuity test)	
• Ophthalmic consultation (slit lamp examination, pupil dilation, biometry, stereoscopic vision test - Stereo Fly Test, colour vision test - Ishihara test, evaluation of the results)	

### Optometry (children from 6 to 16 y/o)

Optometric consultation with contact lens fitting (trial contact lenses, after ophthalmic consultation)	300 zł
Optometric consultation with spectacles fitting	180 zł
Optometric follow-up consultation after up to 30 days	free of charge
Optometric follow-up consultation after 30 days	180 zł
Corrective check-up optometric appointment	130 zł
Full optometric examination with biometry (performed at the main location)	270 zł
Full optometric examination without biometry (performed at Cieszkowskiego branch)	250 zł
Full optometric examination + corneal topography + trial contact lenses fitting	350 zł
Combined package - orthoptic & optometric consultation (orthoptic consultation + spectacles fitting by an optometrist)	350 zł

### Treatment of myopia (low-dose atropine in children and adolescents)

1) First consultation	
- Optometric evaluation (measurement and assessment of binocular and spatial vision, measurement of refraction before and after cycloplegia, examination of eye alignment, measurement of the axial length of the eyeball, corneal topography, OCT of the optic disc, OCT of the macula)	200 zł
- Ophthalmic consultation (ophthalmic examination with evaluation the anterior and posterior segment of the eye, after dilation: visual acuity test, refractive errors, measurement of refraction)	280 zł
2) Follow-up consultation after 1 month	180 zł
- Optometric evaluation (medical history, vision model, measurement of binocular and spatial vision, examination of eye alignment)	
3) Follow-up consultation after 6 months	280 zł
- Ophthalmic consultation (the same scope as during the first consultation)	

### Orthokeratology

Eligibility for orthokeratology lenses (1st appointment, no lenses)	350 zł
Appointment with the fitting of orthokeratology lenses (2nd appointment, one lens)	1 100 zł
Appointment with the fitting of orthokeratology lenses ( 2nd appointment, two lenses)	2 200 zł
Follow-up appointments (3rd and 4th visit, up to 30 days from the insertion of the lenses)	free of charge
Follow-up appointment (after 30 days from the insertion of the lenses)	180 zł
